YOUR DIGESTIVE SYSTEM

of the stomach, blocked intestines, or a partially functioning liver.

Today Chiropractic research centers are constantly looking for ways and means to speed the recovery of people with these ailments. Through the improved techniques they have developed for stimulation of the nerves from the spinal center through the nerve channels, many persons have been relieved of this stomach distress. Norman functioning of the stomach organs are established through our treatments.

With chronic stomach disorders on the upswing, it will pay those suffering from this trouble to investigate the remedies we offer. Nearly all authorities agree that 70 per cent of these troubles are produced by some influence causing obstruction of bile, flow, failure of the bile flow, failure of the liver to produce bile and failure of other digestive juices in the stomach. This is in some way caused by nerve interference.

Most of the time chiropractors can trace these chronic disorders to nerve interference of these organs. By relieving spinal pressure and tracing these nerves chiropractors can find further nerve pressure affecting those organs. Through contraction of the proper nerve endings in muscles, the liver and other organs can be exercised. Through this treatment the liver is stiwulated at once and the nerve block and tension surrounding the organ is broken and it many times returns to normal

means of getting full participa- week by Field Supervisor Edward the harder it is to correct it. This article is written by Dr. M. V. Miles to better acquaint you with the merits of chiropractic.

Chiropractors throughout the country agree that digestion is controlled by the nervous system. Breakdown and absorption of food takes place as fast as the cells in these tubes are activated by the nerves. Because of a failure along the nerve channels, many an individual goes along from day to day with baking soda in one pocket and something else to releive stomach distress in the other and keeps saying to himself, "I'm going down tomorrow and get a checkup." Most of the time he waits likes this until he is almost past going any-

Now as never before chiropractors understand the effect of control through the nervous system and the mechanical distortion of digestive organs (liver, stomach, intestines etc.). Many allergic stomach disorders and causes of failure to sleep at night because of stomach distress, can be tareced to a mechanical blocking

Believe me, it's important to make the right decision - and stick with it!" SAYS Bill Grieve. VETERAN WORLD SERIES UMPIRE

There's nothing like umpiring to teach you the importance of making the right decisions—in and out of the ball park," says Bill Grieve. "And one of the best decisions I ever made was the time I started buying Savings Bonds. It's the easiest, surest way in the world to save for your future—and your country's future, too. And nobody's going to throw pop bottles at you for doing that."

Decide now to make your dreams come true -through the Payroll Savings Plan

Today, with the Payroll Savings Plan, it's as easy to save as it is to wish. And your saving really gets you what you want-whether it's a home of your own, a vacation cottage, college for your children, or financial independence for yourself.

To join the Payroll Savings Plan, just ask your pay office to save out a part of your check before you get it, each payday-a few dollars or as much as you want. After that, your money's saved for you-automatically-and invested in U. S. Series E Savings Bonds that are turned over to you.

Which means your money really goes to work for you! Because each Savings Bond earns 3% per year, mpounded semiannually, when held to maturity f you sign up to save only \$3.75 a week, in 5 years you'll have \$1,025.95 cash. In 9 years, 8 months,

Easy to see why 8 million Americans are using the Payroll Savings Plan to help them get what they, want out of life! Why not join them-today? If you're self-employed, start the Bond-A-Month Plan where you bank. Like Payroll Savings, it's simple, systematic and sure. Pick your plan-and

It you want your interest as current income, ask your banker about 3% Series H Bonds which pay interest semiannually by Treasury check.

Saving is simpler than you think-

FINEST gasoline ever sold by Standard Oil

The Crown Extra Gasoline offered by your Standard Oil dealer is at an all-time high in anti-knock power . . . the most powerful motor fuel ever sold at the Standard Oil sign. Since its introduction ten months ago, this higher-octane Crown Extra has continued its sales leadership in premium gasolines in the five states - Alabama, Florida, Georgia, Kentucky and Mississippi - served by Standard

This continuing leadership is due to the confidence of southern motorists—a confidence based on experience—in the fact that Crown Extra gives them all the power their cars can deliver . . . all the protection their engines need.

STANDARD OIL COMPANY (KENTUCKY)

'Searching Look" Infers Election Manipulations

On Sept. 25 Hugh Sparrow, columnist Folsom's favor in the governor's race." The Birmingham News writer pointed were neld. out the high percentage of rural voters who cast ballots in comparison to their city cousins and the fact that they balloted so

p-heavy for Big Jim. He even questioned, all of them did vote"? This is a serious stion and if made on a local level or pinnted by him would call for a grand jury vestigation. When Ed Blair of the Pell City News complained of election irregularities, he stirred up a grand jury inquiry. While The Clipper is not in a position to determine whether or not all the voters in the 19 rural counties mentioned in Sparrow's column went to the

polls and balloted for Folsom, it is possbile to assure him that the top-heavy majority the Governor-Nominee received in this county was the right total. The finger of suspicion was cast on this county because it was listed as having a heavy Folsom majority and reporting only 10 out of 31 boxes by midnight, May 4.

Veteran election officials on the boxes where a lot of votes were cast explained why results were slow in coming in. There was an extra long ballot and more voters than ever before. Naturally, it took officials longer to count them. The writer was present in the early morning hours when weary returning officers brought their resuits to the probate office that night. With the exception of the burning of the ballots at Newbia, several county politicians have stated this was the cleanest primary they

To cinch the clean bill of health for r the Birmingham News, took a "search- Coffee County in this primary, the grand ng look" at the May 4 Democratic primary jury reported the week of July 19: "We have esults. He wondered if irregularities and investigated the conduct of the people and auds could have changed the results of the general supervision of the elections of my statewide contest, particularly the gov- this county, and wish to report that we find rnor's race. Scruitinized closely were what no evidence of corruption; actually we deem ne called the "almost incredible totals in it proper to commend the people of the County for the manner in which elections

"We do wish, however, to make the following recommendations to election officials and the County Executive Committee: 1) That all voters sign the poll lists; 2) That the officials make out a certificate of results and attach it to the box; 3) That every effort be made to get good managers on the boxes and 4) that a list of instructions be mailed to election officials prior to election day"

That pretty well sums up our opinion of the election results in Coffee County. Except we'd like to add the suggestion that more privacy in voting should be provided. Voting booths where a man or woman could take his ballot and mark it in private are an essential feature of a real democratic

Rather than attribute Folsom's smashing majority in the rural areas to manipulation of the results, we credit it to the way in which he solicits votes. When his father was running for tax collector in Coffee County, James Folsom learned that the way to get votes was to know folks. Consequently he campaigned at every cross roads and shook hands with more people during; his campaign that the average parson will shake in a lifetime of standing at the church door on Sunday after his sermon is finished and the congregation files out. A radio talkathon or TV appearance doesn't have the vote-getting

Mesdames Bryan Tay—

Mesdames Head, Cecil Bowdoin, Mesdames Head, C the man at the mike stated that

halftime, were two of the best in Southeast Alabama. Then he said the Elba Tigers were the best high school team in Southeast Alabama and gave Elba's record to prove it. He also gave Florala's record for the season, which although it does not compare with the Tigers, is nothing to be ashamed of.

BY C. B. McDOWELL.

Like "Ole Man River." Elba's undefeated and unscored-on Tigers keep rolling with relentless for ce and consistency. They made it five straight wins over their opponents by overwhelming the stubborn Florala Wildcats Friday night on the Florala gridiron, 33-0.

Notwithstanding the one-sided Notwithstanding the one-sided

Elba's high-riding Tigers are score, it was the opinion of the Elba's high-riding Tigers are breaking records in Alabama football circles. Their record of scoring a total of 168 points in five games and not allowing the foe within the 17-yard line, has not been matched anywhere in the state so far as can be ascertained.

Elba's high-riding Tigers are coaches, fans and players that Florala furnished more opposition than any foe so far this year. The Wildcats never quit and made the Tigers fight for everything they gained.

The Tigers started off as if they were going to run away with it seeming seven points early with its seeming seven points of the coaches, fans and players that Florala furnished more opposition to the coaches, fans and players that for the coaches, fans a Scoring all of their wins via with it, scoring seven points earthe shut-out route, The Tigers ly in the first period. Although have netted 783 yards and 67 first downs. Opponents netted gains of 665 yards and 29 first downs.

The band will take part in the

Goes Through 15-

rriers time and again and opned gaping holes for Tiger bal carriers. Bobby Folsom performed ably at center until he received a heavy blow on his head early in the game. It slowed him down until the second half. Jerry Brown did well at his guard position. Coach Gaither said Monday morning Jerry played one of his best games and deserved the nod as lineman of the week. Doing outstanding work in the

line were Nelson, Powell, Boutwell and Farris. The Hartford team will be the attraction at Elba stadium Friday night. Hartfrod comes here with a good record. It is reported that Hartford has two of the best backs in the section and will try desperately to cross the forbidden Tiger goal. Kickoff
